Dear Sir/Madam

## Placement

Paladin is pleased to advise that it has agreed to make a placement to Resources Capital Fund III LP, a private equity fund managed by the Denver based Resource Capital Funds (RCF), to raise \$500,000 by the issue of 6,250,000 fully paid shares at 8 cents per share.

RCF is a resource focussed venture capital group with its principal office in Denver, Colorado and an additional office in Perth Western Australia. RCF targets companies that have quality late development stage mining projects and has invested in a diverse range of mining projects world-wide. RCF has raised in excess of US\$300 million in Private Equity funds for investment in the mining industry.

The funds will be utilised for general working capital and, in addition to pursuing finalisation of the Langer Heinrich Bankable Feasibility Study, will also be used to further progress its Kayelekera Uranium Project which is now moving into prominence with the improved market outlook for uranium.

Yours faithfully  
Paladin Resources Ltd
