ADVICE TO BENEFICIAL HOLDERS OF SHARES

The information set forth in this section is of significant importance to persons who beneficially own Ordinary Shares, as a substantial number of such persons do not hold Ordinary Shares in their own name. Persons who hold Ordinary Shares through their brokers, intermediaries, trustees or other persons, or who otherwise do not hold such securities in their own name (referred to in this section as “Beneficial Holders”) should note that only proxies deposited by persons whose names appear on the records of the Company may be recognized and acted upon at the Meeting. If Ordinary Shares are listed in an account statement provided to a Beneficial Holder by a broker, then in almost all cases those Ordinary Shares will not be registered in the Beneficial Holder’s name on the records of the Company. Such Ordinary Shares will more likely be registered under the names of the broker or an agent of that broker. In Canada, the vast majority of shares are registered under the name of CDS & Co. (the registration name for The Canadian Depository for Securities Limited, which acts as nominee for many Canadian brokerage firms). Ordinary Shares held by brokers, agents or nominees can only be voted (for or against resolutions) upon the written instructions of the Beneficial Holder.

Without specific instructions, brokers, agents and nominees are prohibited from voting securities for their clients. **Therefore, Beneficial Holders should ensure that instructions respecting the voting of their Ordinary Shares are communicated to the appropriate person by the appropriate time.**

Applicable regulatory policy requires intermediaries/brokers to seek voting instructions from Beneficial Holders in advance of shareholders’ meetings. Each intermediary/broker has its own mailing procedures and provides its own return instructions to clients, which should be carefully followed by Beneficial Holders to ensure that their Ordinary Shares are voted at the Meeting. The purpose of the form of proxy or voting instruction form supplied to a Beneficial Holder by its broker, agent or nominee is limited to instructing the registered Shareholder (the broker or agent of the broker) how to vote on behalf of the Beneficial Holder. The majority of brokers now delegate responsibility for obtaining instructions from clients to Independent Investor Communications Company (“IICC”). IICC typically supplies a voting instruction form, mails those forms to the Beneficial Holders and asks Beneficial Holders to return the forms to IICC or follow specified telephone voting procedures. IICC then tabulates the results of all instructions received and provides appropriate instructions respecting the voting of Ordinary Shares to be represented at the appropriate Meeting. **A Beneficial Holder receiving a voting instruction form from IICC cannot use that form to vote Ordinary Shares directly at the Meeting - the voting instruction forms must be returned to IICC or the telephone procedures completed well in advance of the Meeting in order to have such shares voted.**

Although Beneficial Holders may not be recognized directly at the Meeting for the purpose of voting shares registered in the name of their broker, agent or nominee, a Beneficial Holder may attend at the Meeting as proxy holder for the Shareholder and vote the Ordinary Shares, as the case may be, in that capacity. Beneficial Holders who wish to attend at the Meeting and indirectly vote their Ordinary Shares, as the case may be, as proxy holder for the registered Shareholder, should enter their own names in the blank space on the form of proxy or voting instruction form provided to them and return the same to their broker (or the broker’s agent) in accordance with the instructions provided by such broker (or agent), well in advance of the Meeting.

REVOCATION OF PROXIES

A Shareholder executing and delivering a proxy has the power to revoke it in accordance with the provisions of the Australian *Corporations Act*, which provides that every proxy may be revoked by an instrument in writing executed by the Shareholder or by his or her attorney authorized in writing and delivered either to the registered office of the Company at any time up to and including the last business day preceding the day of the Meeting, or any adjournment thereof at which the proxy is to be used, or to the chairman of the Meeting on the day of the Meeting or any adjournment thereof, or in any other manner permitted by law.

A proxy is valid only in respect of the Meeting.

PERSONS MAKING THE SOLICITATION

This solicitation of proxies is made by management of the Company. The cost of the solicitation has been and will be borne by the Company.

VOTING SHARES AND PRINCIPAL HOLDERS THEREOF

As of 26 September 2007, the issued and outstanding capital of the Company consists of 602,687,369 Ordinary Shares. Subject to certain exclusions of votes contemplated below, each Ordinary Share is entitled to be voted at the Meeting. On a ballot, each Ordinary Share is entitled to one vote.

Australian Share Register

For the purposes of regulation 7.11.37 of the Corporations Regulations, the Company determines that members holding ordinary shares at 5:00pm Perth time on 19 November 2007 will be entitled to attend and vote at the Annual General Meeting.

Canadian Share Register

For the purposes of section 2.1 of Canadian National Instrument 54-101 the directors have fixed the record date for voting at the Annual General Meeting as 5:00pm Perth time on 15 October 2007 and the record date for notice of the Annual General Meeting as 5:00pm Perth time on 15 October 2007.

A simple majority of votes cast are required to approve all **ordinary resolutions** to be submitted to a vote of Shareholders at the Meeting.

Special resolutions require the approval of at least 75% of votes of those members of the Company at the meeting in person or by proxy.

PARTICULARS OF MATTERS TO BE ACTED ON

The following information is intended to provide shareholders with sufficient information to assess the merits of the Resolutions contained in the accompanying Notice of Annual General Meeting ("**Notice**") of the Company.

The Directors of the Company ("**Directors**") recommend shareholders read this in full before making any decision in relation to the resolutions, in accordance with Section 250R of the Corporations Act 2001(Cth).

Annual Accounts

Appropriate time will be devoted to the consideration of the Financial Statements and Reports of the Company for the year ended 30 June 2007.

ORDINARY RESOLUTIONS

Resolution 1 – Remuneration Report

The Board is voluntarily submitting its Remuneration Report to shareholders for consideration and adoption by way of a non-binding resolution.

The Remuneration Report forms part of the Directors' Report included in the 2007 Annual Report. The Report:

- Explains the Board's policy for determining the nature and amount of remuneration of executive Directors and senior executives of the Company;
- Explains the relationship between the Board's remuneration policy and the Company's performance;
- Sets out remuneration details for each Director and the most highly remunerated senior executives of the Company; and
- Details and explains any performance conditions applicable to the remuneration of executive Directors and senior executives of the Company.

A reasonable opportunity will be provided for discussion of the Remuneration Report at the meeting.

The vote on the adoption of the Remuneration Report resolution is advisory only and does not bind the Directors or the Company. However, the Board will take the outcome of the vote into consideration when reviewing the remuneration practices and policies of the Company.

Resolutions 2 and 3 – Election of Directors

The Company's Constitution provides that at each Annual General Meeting one-third of the Directors or, if their number is not a multiple of three, then the number nearest to but not more than one-third of the Directors must retire from office. Messrs Crabb and Noble, therefore, retire from office in accordance with this requirement and submit themselves for re-election.

Resolution 4 – Election of Director

On 9th July 2007, the Board appointed Mr Donald Myron Shumka as a Director to fill the vacancy created by the retirement of Mr George Edward Pirie on 9th July 2007.

Mr Shumka is Vancouver based and is the President and Managing Director of Walden Management Ltd., a consulting firm specializing in natural resources. From 1989 to 2004, he was Managing Director, Investment Banking with CIBC World Markets and Raymond James Ltd. Prior to 1989, Mr. Shumka was Vice President, Finance and Chief Financial Officer of West Fraser Timber Co. Ltd., one of Canada's largest forest products companies. He holds a Bachelor of Arts Degree in Economics from the University of British Columbia and a Master of Business Administration Degree from Harvard University.

He currently sits on the boards of Eldorado Gold Corporation and Northern Peru Copper Corp.

Mr Shumka's appointment follows the resignation of Mr Pirie who, due to his increasing time commitment as the President and Chief Executive Officer of Breakwater Resources Ltd, no longer had sufficient time available to undertake his duties in his role as a non-executive director of Paladin.

Mr Shumka now seeks election by shareholders in accordance with the Company's Constitution.

Information in respect of each Director seeking election, as well as in respect of John Borshoff, an existing director of the Company, who is not required by the Company's Constitution to retire at this Annual General Meeting, is set out below:

Name and Residence	Position with Paladin	Principal Occupations during preceding 5 years	Shareholding (direct and indirect)	Committee Membership
Rick Wayne Crabb Perth, Australia (due for re-election November 2010)	Chairman (27 March 2003 to present); Non-Executive Director (8 February 1994 to present)	Partner: Blakiston and Crabb (1980 to 2004).	8,964,746	Remuneration (Chair) Nomination (Chair)

John Borshoff Perth, Australia (not required to seek re-election)	Managing Director	Managing Director of the Company (24 September 1993 to present)	18,091,394	Nomination

Resolution 5 – Directors' Fees

Shareholder approval is being sought to increase the total pool of fees available from which to pay directors' fees. The quantum is currently set at A\$500,000 per annum, however, given the recent growth of the Company, it is considered that this level needs to be increased. This is necessary to attract and retain directors of a calibre required to effectively guide and monitor the business of the Company.

The Directors' fees have been considered and A\$900,000 has been decided as an appropriate maximum level of Directors' fees. This will also allow for non-executive directors to be remunerated appropriately for the expectations placed upon them both by the Company and the regulatory environment in which it operates. It should be noted that this

increase in the level of permitted fees does not mean that the Company must pay the entire amount approved as fees in each year.

SPECIAL RESOLUTIONS

Resolution 6 – Amendments to the Constitution

Resolution 6 seeks approval to amend the Company's Constitution as explained below. Full details on the amendments are set out in Annexure A to this Explanatory Memorandum which can be found at the end of this document.

Amendment 1: Clause 12 – Proceedings at General Meetings

It is proposed to insert a new sub-clause 12.20 into the Constitution. The proposed new clause 12.20 will enable registered shareholders to vote directly, as an alternative to appointing a proxy to vote on their behalf, should the Company wish to provide this facility in the future. Direct voting is similar to voting by postal vote in an election.

This amendment will not affect or diminish the right of shareholders to vote by proxy at shareholder meetings. The Company will continue to be obliged under Canadian securities law to send a form of proxy in respect of each meeting to each shareholder who is entitled to notice and, in accordance with Canadian National Instrument 54-101, beneficial shareholders will continue to have the right to demand a proxy from an intermediary who holds securities of the Company on behalf of the beneficial owner.

Amendment 2: Clause 13 – The Directors

It is proposed to replace sub-clause 13.2 Rotation of Directors with sub-clause 13.2 as detailed in Annexure A to this Explanatory Memorandum. The proposed amendment will enable the rotation of directors to take place either no later than three years from the Director's appointment or the third Annual General Meeting following their appointment. This amendment will ensure the rotation of directors is kept constant even when the date of the Annual General Meeting may shift slightly.

Amendment 3: Clause 7 - Transfer of Shares

It is proposed to amend sub-clause 7.2(c) Registration Procedure. The proposed amendment is in response to the Australian Stock Exchange (ASX) proposed amendment to Listing Rule 8.14 – Charging for paper based off market transfers. The ASX currently prohibits a fee being charged for certain activities, including registering paper based transfers on Issuer sponsored registers and the removal of securities between registers (known as 'shunting'). The ASX has now proposed that the prohibition on charging for processing off market transfers and shunts, be removed. This change to the Listing Rules will enable registrars to introduce greater controls to reduce fraud risk.

Resolution 7 – Change of Company Name to “Paladin Energy Ltd”

The Board considers the change of name of the Company to “Paladin Energy Ltd” to be appropriate, as it is consistent with the core activities of the Company.

Report On Executive Compensation

This report on executive compensation has been prepared by the Remuneration Committee.

The Remuneration Committee, on behalf of the Board of Directors, monitors compensation of Directors and Executives of the Company.

Generally, compensation is provided by the Company to its Executives (including the Managing Director), by way of base salary, short-term bonus, granting of employee options and superannuation. The overall objective is to ensure that remuneration is fair and reasonable and sufficient to attract and retain qualified and experienced Directors and Executives.

The compensation program for the Executives of the Company is designed to ensure that the level and form of compensation achieves certain objectives, including:

- (a) attracting and retaining talented, qualified and effective Executives;
- (b) motivating their short and long-term performance; and
- (c) aligning their interests with those of the Company's shareholders.

In line with Corporate Governance principles, Non-executive Directors are remunerated solely by way of fees and statutory superannuation. The total pool of fees available is set by shareholders in general meeting.

Given the evolving nature of the Company's business, the Remuneration Committee continues to review and redesign the overall compensation plan for all employees so as to continue to address the objectives identified above. During the year, it undertook an extensive review with the assistance of external specialist remuneration consultants to both revise the share option plan and determine parameters for the payment of cash bonuses. The new Executive Share Option Plan, approved by shareholders at the Annual General Meeting held in November 2006, is designed to increase the motivation of key staff and create a stronger link between increasing shareholder value and employee reward.

Directors' Fees

At the 2006 Annual General Meeting, shareholders approved an increase in the total pool of fees available to be paid to Non-executive Directors to A\$500,000. Given the growth of the Company such an increase was considered necessary to attract and retain directors of a calibre required to effectively guide and monitor the business of the Company and to remunerate them appropriately for the expectations placed upon them both by the Company and the regulatory environment in which it operates.

It is proposed that the total pool be increased to A\$900,000 as set out in Resolution 5 of the 2007 Notice of Annual General Meeting.

Fees payable to Non-executive Directors are set at A\$105,000 per annum each, effective 1 January 2007, inclusive of any superannuation obligations. Exceptions to this fee structure are the Chairman of the Audit Committee who receives an additional A\$5,000 per annum, and the Chairman of the Board who receives an additional A\$70,000 per annum. The increased fees were arrived at on the basis of a review by external independent remuneration consultants looking at companies with similar market capitalisation.

In addition, the Company's Constitution provides for additional compensation to be paid if any of the Directors are called upon to perform extra services or make any special exertions on behalf of the Company or the business of the Company. The Directors may compensate such Director in accordance with such services or exertions, and such compensation may be either in addition to or in substitution for the Directors' fees referred to above.

Remuneration paid to Non-executive Directors during the year ended 30 June 2007 comprised the following:-

Name and Principal Position	Fees (A\$)	Superannuation (A\$)
Rick Crabb (Non-Executive Chairman)	174,302	12,686
Sean Llewelyn (Non-Executive Director)	94,920	8,542
George Pirie (Non-Executive Director)	109,023	-
Ian Noble (Non-Executive Director)	94,920	8,542

Note: there were no additional fees paid during the year to any Director for consulting services.

Compensation of the Managing Director

The compensation of the Managing Director is approved annually by the Board of Directors. Base cash compensation levels are based on market survey data. Compensation also includes participation in the Company's stock option plan. Compensation paid to the Managing Director is set out in the Summary Compensation Table.

Base Salary

The first step to attracting and retaining talented, qualified and effective Executives is paying base salaries which are competitive in the markets in which the Company operates. Competitive salary information on companies of a comparable size in the resource industry is compiled from a variety of sources, including surveys conducted by independent consultants and national and international publications. In addition, external remuneration consultants are involved in the process of salary determination.

Expatriate Benefits

Executives who are required to fulfil their responsibilities as an expatriate receive benefits which may include health insurance, housing and car allowances, educational fees and tax advisory services.

Short-term Bonus

The Company provides short-term bonuses to Executives of up to 20% of base salary. The short-term bonuses are based on achieving the following measures where these are applicable to the specific Executive:

- (a) production performance;
- (b) project development performance;
- (c) additional uranium resources delineated;
- (d) performance of the Company in meeting its various other objectives;

- (e) financial performance of the Company; and
- (f) such other matters determined by the Remuneration Committee in its discretion.

In respect of the Managing Director, a bonus of up to 100% of base salary can be achieved, to be determined by the Remuneration Committee having consideration to outcomes achieved during the year.

Outcomes to be considered include:

- acceptable safety and environmental performance by the Group;
- Langer Heinrich commissioning, ramp up and production;
- completion of the Kayelekera Bankable Feasibility Study;
- increases in uranium resource under Company control;
- continued successful recruitment of senior personnel;
- increase in market capitalisation;
- acquisition of new projects; and
- achievement of financial budget targets.

The above measures have been selected to align the interests of Executives with shareholders. The Remuneration Committee is responsible for assessing whether the measures are met.

The short-term bonus payments may be adjusted up or down in line with under or over achievement against the measures. This is at the discretion of the Remuneration Committee.

Share-Based Payment Plan

The Company believes that encouraging its key employees to become shareholders is the best way of aligning their interests with those of its shareholders. Equity participation is accomplished through the Company's Executive Share Option Plan which was approved by shareholders in November 2006. This replaced the previous plan and the Board believes that grants made under this Plan provide a powerful tool to achieve the following objectives:-

- enable the Company to recruit and retain the talented people needed to achieve the Company's business objectives;
- link the reward of key staff with the achievement of strategic goals and the long-term performance of the Company;
- align the financial interests of Plan participants with those of the shareholders; and
- provide incentives to Plan participants to focus on superior performance that creates shareholder value.

The Board determines the number of options offered to an employee by reference to their base package and the option value, based on the binomial tree method with reference to the following formula:-

$$\text{Number of Options} = \frac{\text{Base Package} \times \text{Stretch LTI}\%}{\text{Option value (based on the binomial tree model)}}$$

The resultant number of options may be adjusted, at the Board's discretion, to deal with any special circumstances or other factors.

"Stretch LTI" refers to the long-term incentive percentage of the Base Package that allows the maximum number of options to vest (i.e. become able to be exercised) if the performance condition is satisfied to the maximum.

The "binomial tree model" for determining the option value is the mathematical model used in accordance with the International Accounting Practice.

By way of example, the stretch LTI is, in the case of the Managing Director, 180%; and senior executives 100%.

Further information on the Option Plan is set out below. During the financial year, a number of options were granted to attract high calibre executives, in what continues to be a highly competitive and tight market for human capital. These options granted during the year included specific vesting periods.

The Company's policy prohibits hedging of options granted under share option plans. Prohibited hedging practices include put/call arrangements over "in money" options to hedge against a future drop in share price. The Board considers such hedging to be against the spirit of a share option plan and inconsistent with shareholder objectives.

Executive Share Option Plan (EXSOP)

On 21 November 2006, the EXSOP was approved by shareholders at the Company's Annual General Meeting. The number of shares that may be issued under the EXSOP must not exceed 5% of the total number of shares on issue.

Share options are granted to employees under the EXSOP which is designed to create a stronger link between increasing shareholder value and employee reward. Under the EXSOP, the exercise price of the options is set at the market price of the shares on the date of grant and performance is measured by comparing the Company's Total Shareholder Return ('TSR') (share price appreciation plus dividends reinvested) with a group of peer companies. The Company's performance will be measured over three years from the date of grant. To the extent that maximum performance is not achieved under the performance condition, performance will be retested every six months following the first three years until the end of the fourth year.

In assessing whether the TSR hurdle for each grant has been met, the Group receives independent data from an external advisor, who provides both the Group's TSR growth from the commencement of each grant and that of the pre-selected peer group. The peer group chosen for comparison is the resource companies in the S&P/ASX200 Index at the date of grant. This peer group reflects the Group's competitors for capital and talent.

The Group's performance against the hurdle is determined according to Paladin Resources Limited's ranking against the peer group TSR growth over the performance period.

- when Paladin Resources Limited is ranked over the 75th percentile, 100% of the share options will vest;
- for rankings above the 50th and below the 75th percentile, the percentage of options to vest will be pro-rata between 50% and 100%.
- when Paladin Resources Limited is ranked at the 50th percentile, 50% of the share options will vest;
- when Paladin Resources Limited is ranked below the 50th percentile the share options will not vest.

When a participant ceases employment prior to the vesting of their share options, the share options are forfeited unless cessation of employment is due to termination initiated by the Group or death. In the event of a change of control all the awards will vest and may be exercised by the participant.

The contractual life of each option granted is five years. There are no cash settlement alternatives.
